Aseem Urja

<http://www.aseemurja.com/>

We are the most promising Trader and Service Provider firm specializing in high performing water Treatment Plants and Solar Heating System. We have gained a unique position in the industry by offering top quality products and services.

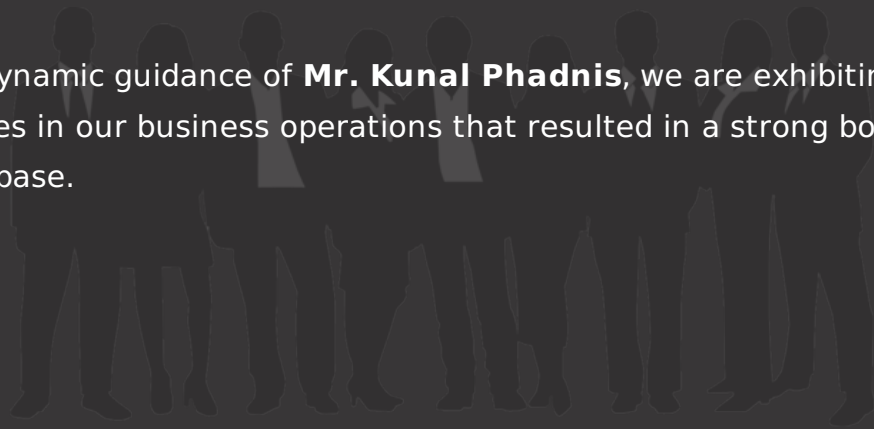

About Us

Established in **2009**, **Aseem Urja** is the fastest growing Trader and Service Provider firm that garners the exacting needs of revolutionary Water Treatment Plants and Solar Heating System. As an emerging firm, we have set benchmarking standards for water conservation that reflects in our procured range of customized products including, **Water Treatment Plant, Water Filtration Plant, Solar Photovoltaic Panel, Effluent Treatment Plant, Water Treatment Plant Maintenance Service and much more**. Our product line is sourced from recognized manufacturing entities that operate on core values to delivering high-performing equipment. The offered products offer reliable and durable service life at a competitive cost and feature comprehensive benefits of robust design, optimum functionality, long service life and noncorrosive body. Further, we take pride in proving ourselves as the most promising entity offering professional maintenance and repair solutions to meet the expectations of a wide number of clients.

Our sourcing agents conduct rigorous credibility analysis to find the most recognized vendors in the industry. Owing to their vigil approach we are able to offer revolutionary water treatment plants totally integrated with ongoing technology and offering a plethora of benefits. Due to the highly advanced technology and most modern machinery, we are accountable to act in line with our clients' expectations. With our commitment to be the preferred entity, we deliver high performing plants to varied industries including food and beverage, chemical processing, pharmaceutical and cosmetics, and paper and pulp manufacturing.

Under the dynamic guidance of **Mr. Kunal Phadnis**, we are exhibiting the honest values in our business operations that resulted in a strong bond with a huge client base.
